

# Cactus Pet Rocks

## Supplies Provided:

Rock, Green & White Paint, Googly Eyes, Clay Pot, Sponge brush

## Supplies Needed from Home:

Dirt, Glue (if eyes don't stick well)

- Use the green paint to paint your rock green. Let dry. Add more coats of paint as needed then let dry.
- Fill your glass jar with dirt. This will create a place for your cactus pet rock to sit.
- Once the green paint on your rock is completely dry, use the white paint to paint "spines" on your pet. Once all the paint is dry, stick on your googly eyes!
- Congrats! You now have a new pet cactus rock!
