

Chalk Pastel Drawing

Take & Make Craft Instructions

All Ages

Supplies Provided:

Pastels
Animal cut out
Cardstock

-- Center your animal cut out on a piece of cardstock. You can either hold the cut out in place while you color around it, or carefully fold a piece of tape and place it on the back of the cut out to tape it down. (Don't use too much tape because you will be removing the cut out and you don't want it to rip the paper underneath)

-- Color around the edges of the animal cut out. Using a variety of colors, color all the way around the edge of the cut out however you'd like.

-- Remove the cut out to reveal the color of the cardstock base behind it and the design you have created around it!

---Don't want to create this design? Use the pastels to draw whatever you'd like!
