

# Take & Make Craft- Harry Potter Themed Bookmarks

Materials Provided-  
Paper  
HP themed cutouts  
Materials Needed from Home-  
Glue

## Instructions-

Step One: Lay square piece of paper flat on table so it looks like a diamond. The color you want on the outside should be face down. Bring the bottom corner up to the top and fold.

Step Two: Take the right hand point on your triangle and fold it up, to the top point. Repeat on the left side.

Step Three: Open up the creases back into the large triangle. Fold just the top layer down to form an upside down triangle in the middle. Make a crease.

Step Four: Take the right side point and fold it up and tuck it under the flap of the triangle you folded down in the last step. Repeat on the left side. Fold across creating a crease.

Step Five: Flip your bookmark over; folding is done!  
Decorate it by coloring or gluing in the HP themed cutouts provided!

For visual instructions please visit the APL's YouTube page!
