## February 2023 Take & Make: Salt Painting

### Supplies Included:

Coarse Salt  
White Cardstock  
Watercolor Paint

### Supplies Provided From Home:

While of Clear Glue  
Pencil  
Paintbrush or Dropper

1. Lightly draw the image you want to create with the pencil. Some ideas are snowflakes, snowmen or winter trees.
2. Use the glue to trace your drawing
3. Cover the glue with salt (use a lot of salt)
4. Use the paintbrush or dropper & water colors to paint the salt. Be gentle.
5. Let the painting dry

### **TIPS FOR SALT PAINTING:**

- Use a highly concentrated solution of your liquid watercolors. Only add a small amount of water to your solution to keep the color vibrant.
- Dip your paintbrush gently into your liquid watercolors to get only a little bit of watercolor at a time. If you have too much water when you're painting the water will spill over and get your paper very wet.
- You can paint after the glue dries or right away - it shouldn't make a difference!

**Want to learn more about SNOW?**

**Check out the snow-themed MOBY pack at the APL!**

We would love to see your finished project! Tag the Attleboro Library on your social media pages or email a photo to [attleborokids@sailsinc.org](mailto:attleborokids@sailsinc.org)
