

March 2023 Take & Make Spring Chick Painting

Supplies Included:

Plastic fork
White card stock
Yellow paint
Orange construction paper
Google Eyes

Needed From You:

Scissors
Pencil
Table/Work space covering
White glue or Glue stick
Black marker

1. Pour some yellow paint in the center of your white card stock. You don't need a lot. The size of a quarter is a good starting point.
2. Take your fork – which is your “paint brush” and spread the paint ALL around to make the fluffy feathers of the chick. You can move it anywhere and in any design/shape/angle that you like.
3. Once you are done creating the “feathers” – set it aside to dry.
4. Cut out an orange triangle for the chick's beak.
5. Once the paint is dry, glue your google eyes & beak onto your chick. Draw in some legs.
