March 2023 Take & Make
Spring Chick Painting

1. Pour some yellow paint in the center of your white card stock. You don’t need a lot. The size of a quarter is a good starting point.

2. Take your fork – which is your “paint brush” and spread the paint ALL around to make the fluffy feathers of the chick. You can move it anywhere and in any design/shape/angle that you like.

3. Once you are done creating the “feathers” – set it aside to dry.

4. Cut out an orange triangle for the chick’s beak.

5. Once the paint it dry, glue your google eyes & beak onto your chick. Draw in some legs.
