## Tissue Paper Painting

### INCLUDED:

Tissue Paper Pieces  
Watercolor paper

### SUPPLIED BY YOU:

Water in a spray bottle  
OR  
Water in a cup & a  
Paintbrush

### INSTRUCTIONS:

1. Tear the tissue paper into pieces
2. Place the tissue paper on the watercolor paper. The tissue paper should completely cover the paper. (Be sure to have the pieces touching & maybe overlap some.)
3. If you are using a spray bottle, lightly spray the tissue paper. It should be wet but not soaked.  
If you are using water & a paintbrush, lightly "paint" the water all over the tissue paper. Again, the tissue paper should be wet but not soaked.
4. Allow all of the tissue paper to completely dry (this may take an entire day).
5. Once the tissue paper is dry, remove what is left. The color of the tissue paper will have soaked through to the watercolor paper leaving you with a unique piece of art!
