

Take & Make Kalidescope

Supplies Provided

·empty paper towel roll
1 plastic condiment cup
Variety of Clear plastic beads
Shiny Metallic Cardstock
Scrap paper

Supplies From Home

Scissors
Scotch tape
Clear Packaging Tape
Push pin
OPTIONAL—Paper to cover the tube, Washi tape

1. Fill the condiment cup about $\frac{1}{2}$ to $\frac{3}{4}$ of the way with beads.
2. Fold a piece of clear packaging tape in half so neither side is sticky. Place over the end of the container holding the beads.
3. Secure the packing tape onto the open end of the condiment cup with scotch tape. Slide the large end of the condiment cup into the end of the tube.
4. Carefully fold the shiny cardstock into a pyramid keeping the shiny side on the inside. Secure the top with clear tape.
5. Drop the pyramid into the tube.
6. Trace one end of the tube on a piece of scrap paper. Add “sunshine rays” about $\frac{1}{2}$ ” away from the outline and cut around the rays. Cut the rays.
7. Place the circle on one end of the tube and fold the edges down. Secure with tape. Use a push pin to push a hole into the center. Your hole should be at least $\frac{1}{4}$ ” to $\frac{1}{2}$ ” in diameter.

OPTIONAL--Cover the tube with wrapping paper or construction paper by securing it with tape. Decorate the tube with washi tape or stickers.

To Use Your Kaleidoscope-- Hold the kaleidoscope toward the light. Look through the eyepiece end while turning it to see fun designs and colors.
